Results pertain to the sample received according to sampling procedures SOP-050-NY & SOP-065-NY and relate only to items tested. Serving size (g) has been provided by the client during the sampling process, unless otherwise specified. Action limits are set according to the New York State Office of Cannabis Management Testing Limits. A sample is deemed acceptable when all analyte values are within those state determined limits. Laboratory determined measurement uncertainty is available by request.

MRL = Minimum reporting limit/limit of quantification

Test ID: #147774 | Date Tested: 10/08/2025 07:48 AM

Results pertain to the sample received according to sampling procedures SOP-050-NY & SOP-065-NY and relate only to items tested. Serving size (g) has been provided by the client during the sampling process, unless otherwise specified. Action limits are set according to the New York State Office of Cannabis Management Testing Limits. A sample is deemed acceptable when all analyte values are within those state determined limits. Laboratory determined measurement uncertainty is available by request.

| Analyte                                                                          | Pass/Fail | Result (a <sub>w</sub> ) | Limit (a <sub>w</sub> )                             |      |
| Water Activity                                                                   | PASS      | 0.70                     | 0.85                                                |      |
| MRL = Minimum reporting limit/limit of quantification                            |           |                          | Test ID: #147772   Date Tested: 10/05/2025 11:24 AM |      |

Results pertain to the sample received according to sampling procedures SOP-050-NY & SOP-065-NY and relate only to items tested. Serving size (g) has been provided by the client during the sampling process, unless otherwise specified. Action limits are set according to the New York State Office of Cannabis Management Testing Limits. A sample is deemed acceptable when all analyte values are within those state determined limits. Laboratory determined measurement uncertainty is available by request.
